

ICMAP 2018

The 7th International Conference on Microelectronics and Plasma Technology

July 24-28, 2018 / Songdo ConvensiA, Incheon, Korea

Dr. Marek Kocik

Institute of Fluid-Flow Machinery, Polish Academy of Sciences, Gdańsk, Poland

Marek Kocik was born in 1970 in Warsaw, Poland. He graduated in 1996 with M.Sc. degree from the University of Gdańsk in experimental physics in the field of atomic spectroscopy. He received the Ph.D. degree from the Institute of Fluid Flow Machinery, Polish Academy of Sciences in 2002, where he is presently an Associate Professor. In 2003-04 and 2017-18 he was a Fellow of the Japan Society for the Promotion of Science at the Oita University, Japan. In 2006 he was a Visiting Professor in McMaster University, Hamilton, Canada. His research concerns laser applications to micromachining, laser flow diagnostics (PIV), laser spectroscopy and diagnostics of non-thermal plasma. He has co-authored 40 refereed papers and presented more than 120 conference papers on these topics.
