## **Prof. Takahiro Ishizaki**

Shibaura Institute of Technology, Japan

---

Takahiro Ishizaki received his PhD degree from Waseda University, Japan in 2004. Presently, he is a professor in Department of Materials Science and Engineering, College of Engineering, Shibaura Institute of Technology, Japan. He served as a postdoctoral research associate at Nagoya University (2004–2006), as an assistant professor at the Nagoya University (2006–2007), and as a research scientist at Materials Research Institute for Sustainable Development, National Institute of Advanced Industrial Science and Technology (AIST) (2008-2012), Japan, respectively.

His main research interests are surface modification on various inorganic materials, metals, and alloys, and fabrication of functional energy materials.
