## Gerhard Domann, MBA

Fraunhofer Institute for Silicate Research,  
Germany

---

**Gerhard Domann** is head of the department *Application Technology* at the Fraunhofer Institute for Silicate Research, ISC, and head of the competence field *Optics and Electronic*.

Gerhard Domann studied physics in Heidelberg and Oldenburg, Germany, focusing on investigations about organic photovoltaics. Since 2001 he works at Fraunhofer ISC as scientific co-worker. He investigated the properties of hybrid polymers as dielectric materials for microelectronic and printed electronic application. He holds several patents in the field of microelectronic and optical materials as well as piezoelectric sensor materials. Since 2008 he holds an MBA from the University in Bradford, UK.
